

CorsixTH

A legitimate copy of the game is required to play, either bought from

- [GOG.com](https://gog.com)
- a retail CD version

Instructions on how to extract game assets and setting up the game can be found on the [CorsixTH GitHub Wiki](#) (`innoextract` is needed for extraction).

CorsixTH aims to re-implement the game engine of Theme Hospital, and be able to load the original game data files.

```
yay -S corsix-th-git innoextract
